

**Annual Accomplishments Report
January to December 2010**

EXECUTIVE SUMMARY

On March 12, 2010, the MTRCB Building was inaugurated. The said event was attended by MTRCB Board Members, officers and staff, by TV Stations' executives and representatives, producers, and other government officials. The MTRCB transferred its office on April 2010 and is now located at 18 Timog Avenue, Quezon City.

In May, The First MTRCB Film Awards honored and recognized artists and theatrical films for their artistic excellence and social and cultural values. It aimed to help improve the standards of movie production in the country without compromising the standards of moral acceptability and artistic presentation.

In January to July, Students' Days were also conducted at the premises of MTRCB. This program aims to bring awareness to the students on how the MTRCB rates and classify motion pictures and television programs. After watching a film they will have a glimpse of the actual review and classification process. This is a learning experience for students to understand the importance of reviewing and classifying movies and television programs as a regulatory function of the agency.

Effective July 1, some Board Members with hold-over appointment since CY 2009, left their posts at MTRCB. Some others also left in October, after falling as midnight appointees. MTRCB moves with its operation with remaining twenty-four (24) Board Members comprising Review Committees with three (3) members in at least two (2) groups a day who filled-in the gap. The MTRCB meets its goals and targets on the review and classification function with zero backlogs.

As soon as the undersigned assumed her position as Chairman of the Board and the Chief Executive Officer of MTRCB, we immediately looked into how the agency will improve its facilities on information technology like modernizing the Board with a dynamic website that shall enable the agency reach a wider range of clients in a more efficient and effective manner which will sustain a culture of frugal spending. This organizational culture has been gently expressed to Officers and staff of MTRCB by calling their cooperation and collaboration so that in the near future improvements in the administrative process shall be considered that may be beneficial to employees as well as to the clients of the agency.

Accomplishments

• **Good Governance and Transformational Leadership**

The changes we would like to see in terms of organizational values and culture shall start from us. This is what the present administration of MTRCB integrates in all aspects of the agency's governance, especially in its advocacy as a catalyst of change. All stakeholders of the movie and television industries should be one in this agenda considering that the movie and television industry are indispensable tools in nation building. In recent dialogues and talks, some meetings and conferences and other

activities, we see to it that this message is clearly expressed. That the Movie and Television Industries should be in one perspective to build a great nation of ours by shaping Filipino values towards nation building. This is why we shall express ourselves within this media in a more respectable way, that TV programs should carry in their hearts these values of nation's development to foresee making a difference in the lives of our future generations.

The MTRCB would like to recognize as soon as enough budget will be available the people and/or institutions behind this advocacy, showcasing to the world excellent Filipino ideas and work, excellent Filipinos, and excellent medium of entertainment for our country's pride in the movie, television and in similar media entertainment.

The Monitoring Unit in conjunction with the Legal Department of MTRCB continuously conduct nationwide monitoring, filing and hearing cases before the MTRCB Adjudication Committee on violations of P.D. 1986.

- **Daylight Mode/Transparency**

The MTRCB would always abide with utmost transparency in contracting purchase of goods and services pursuant to the established procurement rules and regulations. During this reporting period, there have been no major purchases undertaken by the agency. Presently, we are in the process of working with the installation of sky-cable monitoring system, and web-design development. These initiatives are meant to enrich the agency's communication system with enough installation of internet connections as a feedback mechanism. New MTRCB Deputy IDs shall be issued to those who will qualify as an MTRCB Deputy Agent whose duty is to actively assist the Board's Monitoring Unit to ensure that various institutions under the directives of MTRCB are properly and sincerely complying with the mandates of the law.

The MTRCB through its new website shall open its doors to new suggestions, and recommendations from the public. The website will allow access through downloading most forms and documents required by our agency such as permits, etc. This is in compliance with our agency's goal to make our service accessible to our clients especially those outside Metro Manila.

- **Creating Conditions Conducive to Economic Growth and Competitiveness.**

Our task on this area of endeavor is to mainstream Gender and Development (GAD) Programs and Activities in the functions of MTRCB. The issue on gender development is to remove the stumbling blocks in our society's mindset on what and how a man or woman can achieve to reach their potential notwithstanding their gender. The MTRCB can serve as a change agent on this area of societal development. Each individual can reach his/her potential if he/she is given fair, equal opportunity to any job or a business engagement as long he/she has the abilities in terms of his/her trainings, skills and expertise irrespective of gender.

The MTRCB after five (5) years without increasing its fees and charges intends to increase said fees and charges in CY 2011 up to an average increase of at least five (5) percent. This is aimed to sustain a matching of costs against revenues and to achieve for the agency a self-sustaining status. This increase in fees and charges has already been approved by the Board awaiting the concurrence of the National Economic Development Authority on the matter. Our goal is to increase the agency's revenue with an average collection of P7 Million above actual collection in CY 2010.

Other program of MTRCB in CY 2011 is to review by following through its workflows.

By identifying the risks that might arise in every step of the work will deter incurrence of mistakes, corrupt practices and/or reveal the areas of weaknesses for improvement. This program shall be done annually to identify possible changes to be made as a result of technological breakthroughs and current inventions.

By ensuring good working conditions and providing a satisfactory program for employees' incentives and benefits will create a happy family for MTRCB. The management believes that a well cared work force will be motivated to achieve par-excellence performance and productivity. This is what we envision for the employees of MTRCB effective next year.

- **Administrative and Operational Activities**

Review and Classification of Movie, TV and Optical Media Materials.

The turn-out of materials for review and classification entirely depend on market demand and economic viability in dealing with the regulation of commercial products. Our matrix of accomplishments on this area shows the following figures:

Particulars	CY 2010 Targets	CY 2010 Output	Percentage of Accomplishment
Theatrical Prints Reviewed:			
Local Movies	250	213	85%
Foreign Movies	350	314	90%
Theatrical Trailers Reviewed:			
Local Trailers	100	84	84%
Foreign Trailers	250	213	85%
Television Shows/Programs Reviewed			
Reviewed	55,485	52,593	95%
Television Trailers/Plugs Reviewed	1,300	57,146	4,396%
Optical Media Materials Reviewed	1,500	837	56%
Total	59,235	111,400	188.06%

It is important to note that the optical media materials seemed to be overtaken by materials readily downloadable in the internet, and technology is inevitably phasing out, thus, the reduction of number of materials submitted for review had been drastically reduced.

Registration of Entities:

Various entities doing business in movie and television industries are sustained with little growth. This indicates that the movie and television industry is still one of the economically viable industrial sectors in the country as proven by the result of annual registration of entities.

Registrants	CY 2010 Targets	CY 2010 Output	Percentage of Accomplishment
Cable TV Networks	675	987	146%
Producers/blocktimers/distributors /Optical Media	186	278	97%

Theaters	625	701	112%
Television Stations	160	146	91%
Laboratories/post-Production Studios	4	2	50%
Total	1,650	1,864	1.13%

Adjudicated Cases:

There are 41 cases filed on various violations of P.D. 1986. Of these, 28 were closed and 13 are pending. Different violations are categorically itemized below:

Particulars	Numbers
I. P.D. No. 1986	
a. Non-display of standee	6
b. Airing without permit to exhibit	5
c. Non-registration as block-timer	1
II. Violations regarding "Content"	
a. Indecent	1
b. Contrary to Law	2
c. Vulgar Words	3
III. Non-admission of deputy to Cinemas	3
IV. Non-registration of Cable Companies/Blocktimers/OMB Producers	16
V. Complaints filed by individuals	3
VI. Charging of fees by Cinemas to Deputies	1
Total	41

Monitoring Activities:

Nation-wide monitoring on the implementation of P.D. 1986 is one vital functions of MTRCB which has of great importance in nation building. This is an endeavor where the participation of the public is called for especially the parents. Our primary concern is to protect the minds of our children from corruption and for them to grow in wisdom and knowledge by watching appropriate movie and TV programs accordingly.

Our matrix of accomplishment in this regard yields such percentage of accomplishment for this year:

Particulars	CY 2010 Targets	CY 2010 Output	Percentage of Accomplishment
Number of Films Monitored	10,000	10,148	101%
Number of Trailers Monitored	1,000	760	76%
Number of TV and CATV Programs Monitored	19,000	20,609	108%
Total	30,000	31,517	105%

Special Projects

The First MTRCB Film Awards on June 25, at Crossroad 77, No. 77 Mother Ignacia Avenue, corner Scout Reyes Street, Quezon City, honored and recognized artists and theatrical films for their artistic excellence and social and cultural values. It aimed to help improve the standards of movie production in the country without compromising the standards of moral acceptability and artistic presentation.

This is in line with MTRCB's mission of supporting films reflective of contemporary Filipino cultural values that are not only entertaining but artistic as well.

Students Day Program

From January to July 2010, students from Pamantasan ng Lungsod ng Maynila, University of Manila, University of Sto. Tomas and Technological University of the Philippines attended Students' Day at MTRCB. For a day, the students had played the role of a Reviewing Committee. Some Board Members participated in this program to give orientation to the students in playing their roles as Members of the Reviewing Committee.

Administrative matters.

One of the highlights of activities in CY 2010 was the conduct of a year-end recognition program where employees are recognized for their exemplary performance, receiving their gifts, awards and citations.

Smooth transition was also accomplished among the outgoing and incoming Chairman, Vice-Chairman with some Board Members in November CY 2010.
